Taft Story Denied

Washington, March 20.—Prompt deulal was made here to-day by friends of President Taft of the report from Springfield, Ill., that Mr. Taft had joined with Senator Aldrich in urging the election of William Lorimer to the United States Senate. Edward Hines, a Chicago lumberman, at the Lorimer hearing in Springfield yesterday, testified that Senator Aldrich had told him Mr. Taft was anxious that Mr. Lorimer should be selected. It was stated here to-day that a similar report hecame current last September, and that the President then, in a letter to an Illinois friend, cajegorically denied the statement. In that letter the President said with other things that "he rumor, report or statement that I consciously lent the weight of the administration to the election of Lorimer is wholly untrue."

Friends of the President said to-day that Mr. Taft had expressed the hope that the deadlock in Illinois would be broken and a Senator elected, but that that was as far as be had gone. Former Senator Aldrich to-day declined to discuss the testimony of Mr. Hines.

Stomach Tortures Cured

Years of suffering from stomach trouble finally terminated by the use of Duffy's Pure Malt Whiskey. The great tonic-stimulant gave

Mrs. Catharine Doebler permanent relief after everything else had failed.

She writes: "I suffered with stomach trouble for years, during which time I consulted several of the best physicians in the country, but no medicine or drug did me any permanent good, and I thought I never would get well. Then I

MRS. CATHARINE DOEBLER began to use Duffy's Pure Malt Whiskey. It helped me from the start, and I feel it my duty to recommend it to all persons similarly allicted. I believe it cannot be equaled. I know it has done me a great deal of good, and I never will be without it. I am still taking it in small doses; it keeps me well and strong. It is certainly a fine medicine for old people.
